

ASTAXANTHIN⁺

Astaxanthin Plus is a daily antioxidant softgel formulated to support glow-from-within and everyday wellness. Each serving delivers 14mg natural astaxanthin from *Haematococcus pluvialis*, combined with squalene as a lipid carrier and Vitamin E for added antioxidant support. This triple blend helps support the body's antioxidant defenses against free radicals and supports a healthy-looking complexion and skin comfort. Designed for a smooth, easy-to-take routine, it's a premium option for modern lifestyles with sun exposure, screen time, late nights, and everyday stress.

60 Softgels
